SUMMARY

As a dedicated IT undergraduate at SLIIT, I seek an Information Technology Internship to apply my programming skills and academic knowledge. Proficient in Java, C, C++, Node.js, React.js, Express.js, Python, Kotlin, and JavaScript, I am eager to contribute to innovative projects and drive impactful solutions.

My academic journey has equipped me with a strong foundation in software development and data analyzing. I am excited to bring my skills to a real-world environment, collaborate with industry professionals, and further hone my technical abilities. Committed to delivering high-quality results, I am focused on continuous learning to remain at the cutting edge of technological advancements.

EDUCATION

B.Sc.(Hons) in Information Technology at SLIIT	**Oct 2022 - Present**
G.C.E. Advanced Level (ICT)	**May 2018- Oct 2020**

PROJECTS

Supplier Management System for Gem & Jewelry Shop Management System
Developed the Supplier Management module for the Moonlight Project using the MERN stack, implementing features for supplier tracking, order processing, and inventory management to ensure efficient operations and a streamlined workflow.

BuyMart E-commerce Website - Seller Management Module

Developed the Seller Management module for BuyMart, an E-commerce platform where sellers can list and manage their products. Implemented features for product listing, sales tracking, and inventory management using PHP, HTML, SQL, and JavaScript. Enhanced user experience and streamlined seller operations.

EXPERIENCE

Quality Assurance Technician - Global System Solutions International (Pvt) Ltd   **Jan 2021 - Jul 2021**
Ensured software quality through testing and analysis. Developed test plans, documented defects, and collaborated with development teams to resolve issues, maintaining high-quality standards.

TECHNICAL SKILLS

- **Programming Languages** : JavaScript(Intermediate), Python(Intermediate), Java(Intermediate), C/C++(Basic), HTML/CSS(Intermediate), SQL(Intermediate), Kotlin(Intermediate), R (Intermediate)
- **Web Technologies**: Node.js(Intermediate), React.js(Intermediate), Express.js(Intermediate), APIs(Intermediate)
- **Tools**: Git/GitHub, Visual Studio Code, Android Studio, AWS, Power BI
